

# Turbo T.E.L. (Technology Enhanced Learning)

15th June 2011, 10:30am - 4:00pm at the South Bristol Skills Academy (City of Bristol College)

The JISC Regional Support Centre SW warmly invites you to a lively and fast-paced day of 'turbo-talks' centred upon the use of technology in education. The programme for the day will incorporate four simultaneous streams of concise, rapid presentations lasting no more than six minutes each. The entertaining format of this event promises to captivate and inspire attendees!

Focusing on successful and innovative use of technology within teaching and learning, this event provides an excellent opportunity for staff to disseminate, share and discuss their Technology Enhanced Learning (T.E.L.) experiences. There will also be ample networking opportunities for delegates to discuss issues of common interest and learn from each other in true collaborative spirit.

A full programme will be released shortly and delegates will have the added benefit of being able to choose their preferred sessions on the day and there is no requirement to book in advance. This is an ideal opportunity to gain valuable CPD through a variety of inspiring presentations and talks from leading contributors within the Learning and Skills sector.

## Audience

This highly informative event is aimed at Senior Managers, Practitioners, Trainers, Support Staff and all IT enthusiasts involved in teaching and learning within FE, HE, ACL, WBL, Specialist Colleges and Partner Organisations.

We look forward to welcoming you at this important event. Lunch and refreshments will be provided and there will be free wireless internet access available.

**Attendance at Turbo T.E.L. is completely FREE**

To book your place please click [here](#), early bookings are recommended.
